FP-1500 SETUP SOFTWARE

PART NUMBER _____

Enter Inches or MM
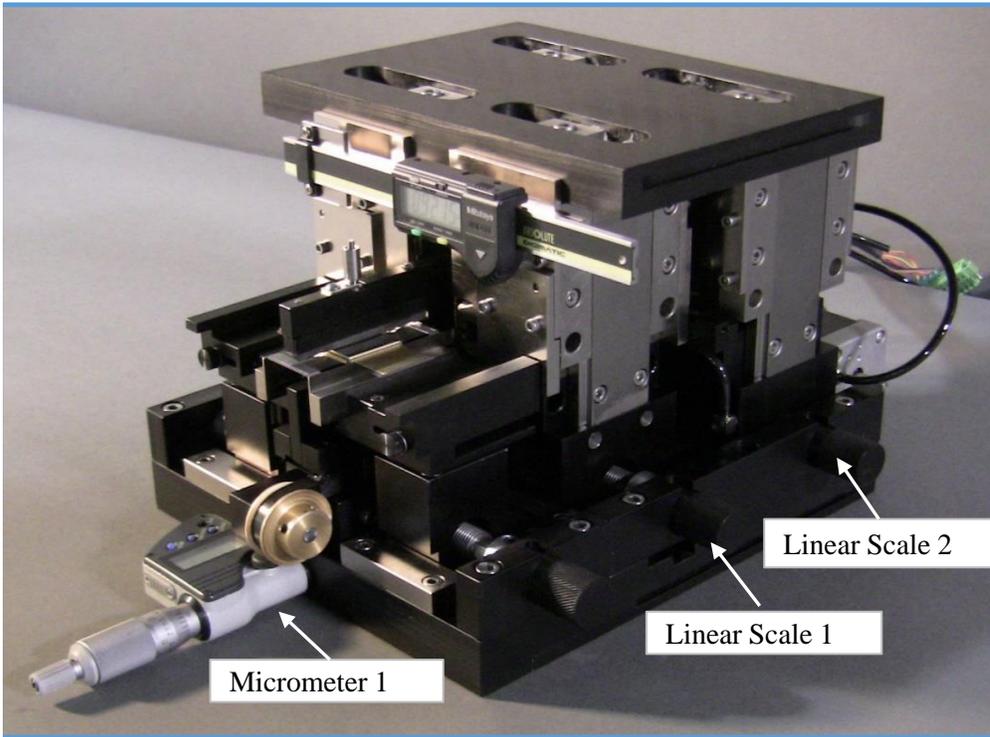

DIMENSION C	0.050

Stand-Off Micrometer 1

D	1.000

Inside bend to Inside Bend

A	0.880
B	0.067
Linear Scale 1	1.015

**Cut-Off G**

Linear Scale 2	1.115

Enter dimensions in yellow highlighted cell

Black highlighted cells are calculated.

B cannot be less than 0.040"/ 1mm

C cannot be less than 0.050"/1.27mm
$$C=E+F+R1$$

PLEASE NOTE

The software program does not account for spring back of the component lead.
Typical spring back of the lead is 3-7 degrees. Choose insert set which
corresponds to R1 radius.
